# PIONEERING HEALTHIER SWEETNESS

At Shafi Gluco Chem, we believe in the power of science and nature coming together to create products that not only meet the needs of today's health-conscious consumers but also set new standards for the industry. Hence, we are ecstatic to introduce our latest innovation: the OryzaLow Syrups, a revolutionary range of Rice Syrups meticulously designed to offer unparalleled sweetness control and reduced sugar content.

Naturally produced and free-from any additives, the OryzaLow is crafted from the finest rice harnessing the power of nature to create a sweet sensation like no other. It offers reduced sugar content from other sweeteners up to 70% without compromising on taste or functionality. Elevate your products today with the OryzaLow Syrups and let your customers indulge in sweet moments of health and happiness.

*\*All Syrups are available in Organic & Conventional grades  
\*Fructose free syrup*
